Date of Birth : 11-June-2001

Gender : Male

Professional Experience

Mind Script
Android Development - Internship
December 2021

15 days Internship and workshop - Android development using Java and Kotlin

YHILLS EdTech
Programming in Java - Internship
June 2023 - July 2023

2 Months Internship in Java Programming AT YHills EdTech

- Developed and implemented Java applications under the guidance of Mentor to enhance functionality and user experience

Education

B.E. in Computer Engineering
Pursuing

Shivajirao S Jondhle College of Engineering and Technology, Asangaon

- Pursued a rigorous academic curriculum in Computer Engineering at a reputable university , Developed a strong foundation in software Engineering , gaining hands - on experience with coding languages such as C, C++, and Java, js.

HSC in Science
February 2019

G. V. Khade Vidyalaya, Shahapur

SSC
March 2017

B.H.Agrawal Vidyalaya, Kasara

Certifications

IBM Blockchain Certification
Intellipaat
June 2023

IBM Blockchain Cerrtification Training at Intellipaat platform that Included

-Blockchain Basics (Bitcoin & Cryptocurrencies) -Programming for Blockchain (Solidity) -Hyperledger Fabric -Ethereum Platform

React JS
Internshala
August 2023

Frontend Web Development Framework React JS

Data Science 360
FutureSkills Prime
September 2023

Data Science Certificate course

Highly motivated Software Engineering Student in Java and full stack development , eager to leverage my skills and passion for block -chain technology . Excited about the potential of block -chain to revolutionize industries , I am seeking opportunities to contribute to innovative projects and gain hands -on experience in this cutting - edge field . With a solid foundation in software development and a keen interest in software development and block -chain technology , I am ready to bring fresh perspectives and enthusiasm to the team.

Key Skills

Java

Javascript

HTML, CSS

Python

MS Office(Word, Advanced Excel , Power Point Presentation)

Languages

- Marathi
- Hindi
- English

Technologies

- Blockchain
- Git & Github
- VS Code, IntelliJ Idea
- MySQL
- NodeJS
- React JS

Projects

E-Voting System using Blockchain Technology

August 2023 - May 2024

A Framework to make voting system transparent using blockchain technology that uses Face recognition with KNN algorithm and SHA-256 hashing algorithm

Twitter Clone Based on Blockchain

January 2023 - April 2024

Blockchain based social media web app is a decentralized version of Twitter .(DApp) which is built using React JS. Profile photos are minted as NFT.

Algorithm Visualizer

August 2022 - December 2024

Algorithm-visualizer is a web app written in React. this project provides engaging way to explore and understand various algorithms like Sorting and Pathfinding Algorithms and N-Queens algorithm.

Android Music Player

January 2022 - May 2024

Music Player is android application that allows user to play music online or offline

Volunteering

National Service Scheme -SSJCET NSS Unit

NSS Volunteer since 2 years. 7 days NSS residential camp, NSS Leadership Training Program Camp and other NSS activities

Association Of Computer Engineering Students (ACES) -Head of Technical Committee

Managing all the Technical aspects of department and college level events
